ORDER:

In the letter read above, the Chief Engineer (R&B) CRN & MD, APRDC, Hyd., has stated that Narsipatnam-Devipatnam road is an important State Highway (38) passing through Narsipatnam, Gundugolu, KD Peta & Koyyuru mandals and connects East Godavari with Visakhapatnam District. The above road leads to market yards at KD Peta, Golugonda and Narsipatnam. On these connected roads sugar cane is transported on bullock carts to nearest collection points and then transported to sugarcane factory at Darlapudi. The road connects important places in East Godavari District i.e., Rampachodvaram, Addateegala also.

2. He has further stated that the road stretches are mainly single lane and the existing carriageway is not sufficient to carry heavy vehicular traffic. Traffic intensity on this road is increased multifold and heavy loaded trucks are plying on the road due to increased transportation of sugarcane. The traffic intensity is 2,224 CVPD/day and 10,765 PCU's/day as per latest traffic census.
